

I would like to ask that LPFM not be allowed to take priority over current FM translators. I am a current supporter and listener of a station called Air 1, which I tune into in my area at 98.7FM. This is a great service to me because it is family friendly, as well as positive Christian radio that is both uplifting and encouraging. Were Air 1 to be displaced by an LPFM broadcaster, I would lose the radio station I listen to at all hours of the day. However, this would not only affect me but also multiple junior high, high school, and college students in my community who also find hope and positive answers to life's issues on this radio station. I believe Air 1 is in the public's best interest because it is unlike many of the other stations which promote violence, sex, drug use, disrespect of adults and parents in that it promotes life, hope, positive answers, family values, obedience to authority, but still airs fun, energizing music. Thank you for your consideration.
